github.com/Zannii34
zannii34.github.io

Junior developer with practical experience across front-end and back-end web development, Python/Flask, Django coursework, JavaScript, APIs, SQL/SQLite databases and technical support. I build responsive interfaces, data-driven systems and interactive tools while bringing hands-on troubleshooting, networking and device-support experience.

EXPERIENCE

IT Technician / Security Systems Assistant — MazeTech Hub

Part-time • 2023–2026

Assisted with CCTV, access control, intercoms, camera installation, cabling, basic networking, Windows support, device setup, fault finding and general technical troubleshooting.

Software & Web Development — Project Work

Portfolio • Coursework • Personal Projects

Built responsive websites, REST API applications, Python/Flask admin systems, Django coursework, SQL/database workflows, productivity tools and AI/algorithm demos.

Telephone Interviewing / Market Research — Fieldwork Africa

Additional experience

Conducted structured telephone interviews and captured responses accurately, strengthening professional communication and attention to detail.

SELECTED PROJECTS

- **Business Admin & Quote System:** Flask/SQLAlchemy administration, customer and quotation workflows.
- **MK Construction & Projects:** Responsive business website with dedicated branding, gallery and enquiry flow.
- **Pokémon Explorer:** PokéAPI search/filter application with persistent six-member team builder.
- **Weather Dashboard:** Open-Meteo city search and geolocation weather application.
- **Django Task Manager:** Authenticated CRUD concepts and model-backed task workflow showcase.
- **Tic-Tac-Toe AI:** Minimax-based game demonstrating adversarial search.

TECHNICAL SKILLS

Python

Flask

Django

JavaScript

HTML5

CSS3

React

Node.js

REST APIs

SQL

SQLite

SQLAlchemy

Git

GitHub

Windows

Networking

IT Support

EDUCATION

IT Programming Studies — UNI College 2025

Completed coursework in Python, JavaScript, C, SQL, HTML/CSS, software development, databases, computational thinking, AI and robotics.

Matric 2024

CERTIFICATES / COURSEWORK

- CS50:** Introduction to Programming with Scratch
CS50: Programming with Python
CS50 AI: Artificial Intelligence with Python
CS50: Computer Science / C programming coursework

STRENGTHS

Problem Solving

Troubleshooting

Fast Learner

Debugging

Responsive Design

Database Workflows

Portfolio

Working demos and detailed case studies are available at zannii34.github.io.
